

Georg Varlamis · 2e

Head of Department R&D Material Characterization
X-Ray at Anton Paar

Le 16 décembre 2025, Georg était le/la manager
direct(e) de Mohamed

During his time at Magna Steyr, I have been the responsible Department Manager for Mohamed. I was really impressed how fast Mohamed found into the complex topic of vehicle Diagnostics for complete vehicle development. His contribution to our projects was outstanding. I wish Mohamed all the best for his future Projects!
